

LOGNOTE -- Chief, Operations Group, 27 December 1985

1. (Williams) [] came in to set up the timing for his and Carolyn's PCS moves to London. Mike proposed that he plan on arriving in London on 8 July, departing Washington on 7 July. Carolyn will leave Okinawa on 17 May when her tour is completed, take home leave, and report to DRD on 9 June. She will then accompany Mike when he leaves for London on 7 July. I said these dates looked fine. It will provide for a reasonable overlap with Wilson in London (but not enough time to get on each others nerves), and the DRD will welcome Carolyn as an extra hand in the summer, if only for a short month.
